I earn this opportunity to announce that The Shanti Niketan has been awarded “International School Award” under the prestigious patronage of “British Council”

The International School Award is a prestigious badge of honour for

schools that can bring an international dimension to teaching and learning.

scientists in every child were accelerated. The school could equally be honoured with the essence of holding Global Village in harmonizing “Rendezvous” ebulliently to inscribe the history of brotherhood in red letters day on the walls of The Shanti Niketan to give the students a passage of quality education, which the others are deprived of. To move with the initiative of Green Earth outcomes we have been well equipped with Solar Plant, which ascertains the sustainable development.

I am again privileged to say that Good mind; good find is justified with many additional activities in which they could excel and prove their best. The glimpse can be imbibed with MUN result which is a well known prestigious platform for a child to represent himself globally and universally. The Shanti Niketanites Vardayanee Sandoo, Rohit Sushil Thanvi, Siddharth Gehlot and Vasu Sankhla could make the entire fraternity of TSN proud upon representing the international platform with their keen and ardent knowledge with

assured solution for the international problems.

The journey of the foundation of The Shanti Niketan where the worth of travel of our visionary founder “Mr. Kewalchand Modi” lies in the upliftment of the nation within the most approachable and available resources. To justify the historical journey; TSN invokes the students to contribute a handful of rice and Atta to be donated to orphanage as a part of the destination where service and help meet you to welcome and to put the charity

towards the realization of unselfishness the senior students are sent to APNA GHAR ASHRAM, where the actual vacuum of helplessness lies to be filled with the entry of love and care.

The significance of hygiene which is known as the nearest part of the godliness has also been earned by The Shanti Niketan with the arrangement of Mother's orientation session in which the real

learning of education with the core hygienic concern was spread and the zealousness of sophistication was taken. I convey my wholehearted thanks to the all mothers who witnessed the session and supported team TSN for global approach.

To keep an aim of making the students aware of the pathetic condition of the Earth; TSN planned to hold a poster making competition along with “NukkadNatak” where

the theme which was in the core heart of the competition “Don’t let the Earth weep any more” justifies the outcomes where beyond awareness some individual perception were roused and depicted on the papers, but implemented in the minds to move ahead for a better solution.

The significance of oneness and fraternity was enlivened with the innovativeness of “Collage Making” where the students demonstrated their love of unity on the sheets of papers.

The spirit of innocence, which is the real identification of the little champs, got accentuated when they were taken to picnic to the Activity Village to explore the new components of emerging and creative world and with the epitome of childhood in the form of VARIOUS COLOUR'S DAY CELEBRATION; where the champs are called in myriad colour apparels to emphasize the colors of purity and love. The infancy; which is said the most delicate task to be handled; has also been taken into

consideration and team TSN arranges INFANCY ORIENTATION twice a week to substantiate the bond of caring and loving with the array of play way method and musical beats.

The most sacred vitality of bonding, that comes with the celebration of Labour's Day and Mother's Day; has been the core concern of the spirit of The Shanti Niketan, which was materialized with the beauty of the special assembly in which the enactment of hard work by Senior students, could mark the real justification of the work of all the

labours of the world. The cricket match which was played between the teaching staff and auxiliaries could also reinforce the abiding knot of humanitarian bond.

The endless saga of Mother has been demonstrated with supreme enthusiasm and upbeat. Songs, cultural presentations, games, dances, comical questionnaires and the worthiest healthy cookery session under the ample guidance of prominent chefs was arranged; which could make the mothers aware of the unhealthy eating stuff

and the way to add modern taste in the traditional eatables.

The journey of expansion took its sportive turn with the opening of the intra class sports activity in the indoor sports category of Badminton, Chess and Carrom to enlist the master player within their respective academic zone.

Moving ahead with the pace of progress the beautiful and traditional international activities were enacted as the competitive flavor in inter house competition; where the main motive was to make the students aware of the

international fragrance of global culture across the world. The noble contribution of doctors was celebrated in the form of Healthy Baby Competition at the various places of Jodhpur under the noteworthy supervision of Medipulse team powered by Lions Club Jodhpur to spread the awareness of healthy eating habits as the prime social cause.

The significance of writing, was initiated with English handwriting competition in which the open entry with the intra class category made all and sundry participate and

bring the finest betterment for a more legible tomorrow.

The essential objectiveness of “Save Water”, which was experimented right on the shoulders of our future; our tiny toddlers were made understand the pricelessness of water and the ways to save it more and more to ignite the global awareness among them

The magical journey of the career refinement was emblazed with the Inter House spell well competition; The then launched “Union Budget” was broached in a debate competition, which successfully fetched the expected outcomes.

Consciousness expresses itself through creation. This world we live in is the dance of the creator. The blessings were conferred upon Hetal Sharma of Grade 9 who won the inter school dance competition at Lucky International School and gave one more solitaire to the rosary of The Shanti Niketan. The eminence was awarded with one more innate skill of Rohit Sushil Thanvi of Grade 9 when he represented The Shanti Niketan at Lucky International School in Inter School Debate Competition and

successfully imparted his oratory skills and won the best Orator prize in VOX POPULAI Jodhpur chapter. I wish them a bright future and entreat you to give them an uninterrupted award of applause.

The oomph of innocence and the verge of expansion come together when we have the little champs decorated with the hats and the citation, which allow them to move on the road that leads to the success; The Shanti Niketan arranges

the Graduation Day Ceremony to mark the significant entry even the exit of the little champs from Informal to Formal Education felicitated by Honorable MLA Mrs. Manisha Panwar.

The spirit of The Shanti Niketan was boosted with the ceremonialization of The Investiture Ceremony; where the chief aim is to spread the values of TSN with a lifelong oath to serve the country and her people. The ceremony was blessed with the

pious presence of IPS Dr. Ravi who bedecked the badges.

The Rakhi was a sacred message for the soldiers to feel the aura of blessings from us, which was harmonized with a heartfelt spirit to convey a message of universal brotherhood

and care on behalf of the whole country.

The momentum was taken forward with Group Dance fervor where the main concern of TSN was to let the scholars come across the team spirit and finer results. Slogan writing, Hindi Poem Recitation, Dialogue Delivery, Pencil Shading were the additional bevy of beautification where TSN was spotted.

Krishna Janmasthanmi which was incorporated with Grandparents' Day celebration, where the whole

ambiance of TSN got transformed into the spirituality of The Almighty and the blessings of the Grandparents, where the various ways of worship were performed by the grove of students within dancing, singing, enactment and poems.

I beseech

all and sundry to jingle the sound of clapping in the honour of these untiring members.

The unlimited fun with oneness went on being accelerated with one more inter house teacher's flameless cooking where the remarkable taste

of TSN fraternity was tasted collectively and happily.

The prettiness of innocence came with an another cluster of depiction where the tiny toddlers walked again on the ramp during “Fancy Dress Competition” and made everyone speechless with their matchless steps;

The effigy of evil known as Ravana was set on fire along with the handwritten papers of all the hidden evils of every TSNites; which were happened to be burnt, and the earsplitting sound of the firecrackers could be resounded

with an echo of the commitment made by them.

The appropriateness of the holiest festival Diwali, which attests the prosperity and fortune of the mankind; The Shanti Niketan took an apprehension of humanity through visiting the “Slum Areas” of Jodhpur and the students were taken to the closest task of charity where they gave soaps, oils, Diya, sweets, bags, bottles, clothes,

woolens and biscuits to the slum people along with the cheerful sharing of time which might ease them not permanently but partially.

To strengthen the prosperity and sacredness, Diwali celebration was functioned in the school campus with numberless illumination of the earthen lamp and the wick could witness the pure and assured fortune. The spirit was taken forward with one more touch of charity where TSN family paid a visit at “Leper’s Colony” to find the vistas of humanity with those who

are forgotten. The timeless contentment which could appear on the mild wrinkles of the lepers was the most expressive outcome during the visit. Art exhibition, night stay were the other highlights which could double the certainty of the co-scholastic mirror of TSN.
